Dear All,

SEBI is in the process of designing and developing the SI Portal 2.0. As part of this initiative, we invite your feedback and suggestions on how the portal can be improved and enhanced, whether through new features and tabs, changes to character limits, removal of duplication, or any other aspect that you believe would be relevant and beneficial.

Your inputs will be shared with SEBI and will play an important role in helping build a robust, intuitive and efficient platform that facilitates smoother compliance and better serves the needs of the PMS industry.
